Dear Dr. Fulford:

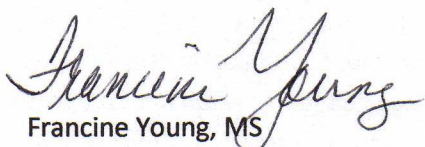

It is my privilege and pleasure to pen this letter of reference for Adam Halemano in respect to his desire to join your esteemed institutional Masters of Educational Technology program. Adam is a model student in every sense of the phrase. He approaches assignments with temerity, diligence, and a vision for how his current endeavors will have a lasting and positive effect on his long-term goals. In working with peers Adam proves himself to be as supportive and dedicated to the success of the group as he is to his personal progress.

During the time I worked with Adam, he repeatedly demonstrated his desire to investigate the depth of information available and willingly reflected on his own actions, motivations, circumstances, and expectations as they related to his progress.

I steadfastly believe Adam will be a benefit to your program as he displays the academic abilities and inherent interest necessary to be successful.

Thank you for your time and consideration.

Sincerely,

A handwritten signature in cursive script that reads "Francine Young". The signature is written in black ink and is positioned above the printed name.
