

Aloha e Everyone,

This is just another reminder that we will be meeting tomorrow (Thurs 06/27) from 6-8 pm HST to present your final project ideas. Please use the virtual office link below to join the Blackboard Collaborate session:

<http://tinyurl.com/boyvroom>

The presentation format for tomorrow's TA roundtable will be as follows:

- Each student will have 5 minutes to present their project idea
- 5-8 minutes of TA feedback
- 2-5 minutes of peer feedback

As an opening introduction, before you present your project idea, please take 30-90 seconds to do one (1) of the following items listed below:

- Tell a short joke/anecdote
- Share something with the group that nobody else knows about you
- Share something positive and enlightening that happened to you this week
- Share a short meaningful quote that relates to education or technology

As a way of incorporating a little collaborative interactivity during our session, I have taken the liberty of assigning each presenter with a peer feedback student (the peer's name is in parentheses). Everyone is more than welcomed to provide constructive feedback after the assigned peer feedback is completed.

The scheduled presentation lineup is as follows:

- 6:05 - 6:20 Anna Rosa (Ryoko)
- 6:20 - 6:35 Vera Blalock (Lorraine)
- 6:35 - 6:50 Rachel Kaneshiro (Tim)
- 6:50 - 7:05 Ryoko Sekiguchi (Anne)
- 7:05 - 7:20 Jenny Yamamoto (Rachel)
- 7:20 - 7:35 Erin Williams (Jenny)
- 7:35 - 7:50 Lorraine Brooks (Erin)
- 7:50 - 8:05 Timothy Freitas (Vera)

During the peer feedback section, keep comments positive and focus on what you liked and what is still not clear. Provide constructive ideas and suggestions that would help to enhance the presenter's project idea.

Please don't forget to email your Power Point slide to me at least 2 hours before our roundtable session. As an extra reminder, your PPT slide should contain the following:

- Your key issue or issues
- A very short description of your context or locus of control
- A short list of potential resources you might include

I look forward to seeing everyone's project ideas tomorrow night! Please arrive early. We will begin promptly at 6:00 p.m.

Aloha Kaua!

Boy
